2. Summary of the Industry (Source: www.ibef.org)

The engineering sector is the largest of the industrial sectors in India. It accounts for 27% of the total factories in the industrial sector and represents 63% of the overall foreign collaborations. Demand for engineering sector services is being driven by capacity expansion in industries like infrastructure, electricity, mining, oil and gas, refinery, steel, automobiles, and consumer durables. India has a competitive advantage in terms of manufacturing costs, market knowledge, technology, and innovation in various engineering sub-sectors. India’s engineering sector has witnessed remarkable growth over the last few years, driven by increased investment in infrastructure and industrial production. The engineering sector, being closely associated with the manufacturing and infrastructure sectors, is of huge strategic importance to India’s economy.

The development of the engineering sector of the economy is also significantly aided by the policies and initiatives of the Indian government. The engineering industry has been de-licensed and allows 100% foreign direct investment (FDI). Additionally, it has grown to be the biggest contributor to the nation’s overall merchandise exports.

The electrical equipment market share in India is expected to increase from US\$ 52.98 billion in 2022 to US\$ 125 billion by 2027, implying a robust CAGR of 11.68%. The domestic electrical equipment market is expected to grow at an annual rate of 12% to reach US\$ 72 billion by 2025. In FY23, India’s heavy electrical equipment production stood at Rs. 2,44,300 crore (US\$ 29.38 billion). The electrical machinery segment grew nearly 13% with shipments jumping to US\$ 10.19 billion in the April-December 2023 from US\$ 9.06 billion in the year-ago period. The Indian textile machinery industry was expected to touch the US\$ 6 billion mark by 2022. India’s textile machinery exports declined by 5.09% to US\$ 1003.55 million in 2023 compared to the previous year.

For further information, see “*Industry Overview*” beginning on page 128 of RHP.

3. Promoters

8. Risk Factors

1. Our Company, Directors, Promoters and Group Companies are parties to certain legal proceedings. Any adverse decision in such proceedings may have a material adverse effect on our business, results of operations and financial condition.
2. Dependence on Leased Premises for Business Operations.
3. We may face several risks associated with the object of the issue of setting up of proposed Assembling Unit, which could hamper our growth prospects, cash flows and business and financial condition.
4. We cannot assure you that the proposed assembling unit will become operational as scheduled, or at all, or operate as efficiently as planned. If we are unable to commission our new facility in a timely manner or without cost overruns, it may adversely affect our business, results of operations and financial condition.

5. The cost estimates for the proposed assembling unit at Site No. 11 & 12, Akshya Nagar, Yelenahalli, Begur, Bengaluru – 560068, Karnataka have been derived from management estimates and quotations received from third parties and may not be accurate.
6. Our Company is yet to place orders for civil work and plant & machineries for the proposed assembling unit. Any delay in placing orders or completion of civil works or procurement of such machinery may delay the schedule of implementation and possibly increase the cost of commencing operations.
7. EPCC projects are typically awarded to us on satisfaction of prescribed pre-qualification criteria and following a competitive bidding process. Our business and our financial condition may be adversely affected if new infrastructure projects are not awarded to us or if contracts awarded to us are prematurely terminated.
8. Dependence on Middle Eastern Markets for Export Revenue.
9. Our business is substantially dependent on certain key customers, from whom we derive a significant portion of our revenues. The loss of any significant customer may have a material and adverse effect on our business and results of operations.
10. Our Company had negative cash flow in recent fiscals, details of which are given below. Sustained negative cash flow could adversely impact our business, financial condition and results of operations.

For further details, see “Risk Factors” beginning on Page 25 of RHP.
